**Subject:** RE: Request for gauging data

Thanks Shelly and we appreciate the offer to gauge your wells. We will notify you when any such events are scheduled.

One more question and that is has Weston/EPA taken any water level measurements since the WES-06 - 09 series wells were installed?

Regards,

*BOB*

Hello Shelly, you are correct, we have the January, February and March sampling data. Do you have plans on collecting any for water quality samples?

Thanks,

Pete Cappel

Pete,

Thank you for forwarding this information. I believe you have our latest round of sampling, which was conducted in March. We have not sampled since then.

Shelly

Hello Shelly, attached is a table of the February gauging data along with the potentiometric maps that we generated with those data points.

Let me know if you need anything else.

Also, could you forward your latest round of water quality data? I believe you indicated on our last call that the data would be forthcoming.

Thanks,

**Pete Cappel**

Hello Shelly, yes we can provide that information. We'll get it over to you.

Thanks, Pete

**Subject:** Request for gauging data

Pete,

EPA would like to request monitoring well gauging data that Mundell collected in February 2014.  
Can you please send that to me?

Thank you,  
Shelly
